

Help stop...

- Spread of nuclear weapons
- Trident replacement
- Nuclear warhead convoys
- Use of depleted uranium
- More nuclear waste

Join us at the **Campaign for Nuclear Disarmament (CND)** **Salisbury local group** and campaign actively for a sustainable future in a nuclear-free world.

Our activities include local awareness and fundraising events, demonstrations and blockades (including Aldermaston) and peace education in schools.

You can make a difference. Together we can help make a safe, nuclear-free world for our children.
